

Hello from Italy with my 280CE

Post by “Dieselist” of Mar 23rd 2020, 6:34 pm

Hello Lucian,

welcome on Board from Bavaria.

A really fine car, my wife and me where always keen on one like that.

Even the color is a perfect match.

And about the paint: I would try everything possible to keep the original paint.

May be there is something possible by cutting off the damaged clear coat and respray it just in the affected areas.
