

Problem with parts order map

Hi Jose,

Unfortunately I don't get the issue you're facing & the point you get stuck in the order process.

I guess you're talking about ordering new or NOS spare parts?

Via the vdh website (<https://mercedesclubs.de/teilemarkt/vdhneuteileliste>; for clubmembers only, see <https://mercedesclubs.de/teile...te#Neuteilebestellungtips> in German, use e.g. Google translate) or online at Mercedes (<https://originalteile.mercedes-benz.de/>) or elsewhere?

Since there's no reply in this thread so far, I guess it might be helpful to provide additional info.

-> Do you have a link & perhaps a screenshot of the "strange map" appearing? What kind of parts are you looking for? Part numbers?

Regards,

Gerd
